

## SDS-PLUS QUADRO XTREME DRILL BIT 6X110MM BLACK LINE

**Brand:** AWTOOLS  
**Reference:** AW43620BL  
**EAN:** 5903678627317

**6mm**  
MM

**42g**  
WAGA

### KEY FEATURES

- Combines a hardened carbon steel body with a YG8C carbide alloy tip for enhanced hardness, longer life, and better performance.
- Four-flute design and self-centering drill tip allows for precise drilling, eliminating the need for center punching.
- Spiral groove shape for easy chip removal.
- Designed for drilling holes in brick, concrete, reinforced concrete, stone, and other hard materials.
- Grooved SDS-plus shank prevents drill bits from falling out and allows for faster replacement.
- For use with rotary hammer drills and impact hammers.

## TECHNICAL DATA

- Diameter: 6mm.
- Total length: 110mm.
- Working length: 41mm.
- Weight: 42g.
