

ALUMINIUM CARPENTERS SQUARE 7"

Brand: AWTOOLS
Reference: AW29850
EAN: 5903678629984

130g
WAGA

KEY FEATURES

- Lightweight construction made of aluminum alloy with a powder-coated finish, which offers corrosion and scratch resistance.
- Equipped with embossed mm and inch graduations for easy readability.
- Angle scale: 0-90° Designed for marking in carpentry, joinery, construction, and finishing works.
- Useful for drawing cut lines, checking for squareness, and determining the pitch of existing roof structures.
- Can be used as a saw guide to make accurate angle cuts with a circular saw.
