

OSCILLATING MULTI-TOOL HCS BLADE 35MM X 38MM WOOD/ PVC

Brand: AWTOOLS
Reference: AW54016
EAN: 5903678629137

40g
WAGA

KEY FEATURES

- Made of hardened HCS steel, coated with a black anti-wear coating for durability and longer life.
- Combine laser-welded cutting teeth welded to a blade body.
- Surface engraved with scale lines, which makes it easy to observe the depth of cut.
- Direct power transmission.
- Tool-free quick-change design.
- Compatible with most brands of oscillating tools on the market with a universal open-back mounting system.
- Suitable for cutting in wood, wooden structures, plasterboards, and PVC.
- Great for installations, repairs, and maintenance work.

TECHNICAL DATA
