

OSCILLATING MULTI-TOOL HCS BLADE 10MM X 35MM WOOD/ PVC

Brand: AWTOOLS
Reference: AW54010
EAN: 5903678629106

40g
WAGA

KEY FEATURES

- Made of hardened HCS steel, coated with a black anti-wear coating for durability and longer life.
 - Combine laser-welded cutting teeth welded to a blade body.
 - Surface engraved with scale lines, which makes it easy to observe the depth of cut.
 - Direct power transmission.
 - Tool-free quick-change design.
-
- Compatible with most brands of oscillating tools on the market with a universal open-back mounting system.
 - Suitable for cutting in wood, wooden structures, plasterboards, and PVC.
 - Great for installations, repairs, and maintenance work.

TECHNICAL DATA
