

HANDHELD PRESSURE TEST PUMP 12L

Brand: AWTOOLS
Reference: AW31591
EAN: 5903678619961

50bar
PRESS

8.5kg
WAGA

KEY FEATURES

- Durable tank made of sheet steel with a high-quality powder-coated finish for long-lasting corrosion resistance.
- Ergonomic, chrome-plated lever with a non-slip grip for comfortable and secure operation.
- Abrasion-resistant brass piston ensures reliability and extended service life.
- Equipped with an automatic double valve system for efficient and precise operation.
- Lever-lockable arm for convenient transport and storage.
- Built-in pressure gauge enables accurate monitoring of pressure levels and system drops.
- High-pressure hose reinforced with steel mesh for enhanced durability and safety.
- Designed for precise pressure and tightness testing of piping systems and connections.
- Ideal for use in pipeline construction, heating installations, and oil equipment industries.
- Perfect for professional plumbers, as well as installers of photovoltaic and solar systems.

TECHNICAL DATA

- Max. pressure: 50 bar (5 MPa).
- Tank capacity: 12.
- LSuction capacity: approx. 45 ml/stroke.
- Tank dimensions: 490 x 160 x 165 mm.
- Connection size: 1/2".
- Max. fluid temperature: 50.
- CHigh-pressure hose: 1.5 m.
- Weight: 8.5 kg.
