

HYDRAULIC CABLE CRIMPING PLIERS 10-120MM²

Brand: AWTOOLS
Reference: AW31573
EAN: 5903678625399

4.6kg
WAGA

KEY FEATURES

- Body made of forged and hardened carbon steel with a powder-coated finish for corrosion protection.
- Long powder-coated handles coated with non-slip material ensure a secure grip.
- Equipped with split, interchangeable hex crimping dies for quick die size change without full mechanism disassembly.
- Open-type, rotating head, and a locking pin ensure the die remains stable during the crimping process.
- Built-in hydraulic cylinder generates a high clamping force with minimal effort.
- ON/ OFF function for easy oil flow control and quick piston return.
- Designed for crimping copper and aluminium terminals when connecting electrical cable wires.
- Suitable for electrical installation works in hard-to-reach places.
- Comes in a plastic case for easy storage and transport.

TECHNICAL DATA

- Crimping force: 8.
- TLength: 415mm.
- Stroke: 18mm.
- Crimping range: Copper: 10-120mm².

- Aluminum: 10-95mm².
- Working range: 10, 16, 25, 35, 50, 70, 95, 120mm².
- Weight: 4.6kg.
