

3/4" HEX SOCKET 32MM BLACK LINE

Brand: AWTOOLS
Reference: AW38432BL
EAN: 5903678626624

230g
WAGA

KEY FEATURES

- Made of hardened and tempered CrV steel with a satin finish to protect against corrosion.
- Rounded head profile allows for unscrewing damaged screws, and protects the shape of the screw head against deformation.
- Knurled ring provides extra grip, and the bearing hole ensures a solid connection to the tool.
- Designed to be mounted onto ratchet handles, swivel & sliding handles, or extension bars.
- Perfect for a wide range of applications, including car repair, machinery maintenance, and general mechanical work.
