

1/2" HEX IMPACT SOCKET BIT 22MM BLACK LINE

Brand: AWTOOLS
Reference: AW38612BL
EAN: 5903678626914

145g
WAGA

KEY FEATURES

- Made of hardened and impact-resistant CrMo steel with a black oxide finish.
- Rounded head profile allows for unscrewing damaged screws, and protects the shape of the screw head against deformation.
- High-visibility stamped size markings for easy identification.
- Useful for unscrewing hexagonal screws and nuts.
- Designed to work with pneumatic, electric, and cordless impact wrenches.
- Suitable for a wide range of applications, including automotive repair, machinery maintenance, and general mechanical work.
