

PNEUMATIC BALOON JACK 5T 150-400MM / ADJUSTABLE HANDLE

Brand: AWTOOLS
Reference: AW20108
EAN: 5903678632526

23kg
WAGA

KEY FEATURES

- Construction made of heavy-duty, alloyed steel with a powder-coated finish.
- Built-in internal metal telescope provides stability and prevents it from swinging.
- Equipped with two plastic castor wheels and a long handle for smooth maneuvering.
- Features an adjustable handle, which can be adjusted to three different positions.
- Powered by compressed air and operated with two ball valves - inlet and outlet.
- Built-in safety valve protects against overloading.
- Replaceable, reinforced rubber airbags protect against damage to chassis and bodywork components.
- Rubber pad on the top of the jack prevents the lifted load from sliding off.
- Ideal for tyre services, roadside assistance, and autobody repair workshops.
