1.3kg
WAGA

KEY FEATURES

- Made from high-quality plastic for lasting durability and reliable performance.
- Wedges feature locking ribs that secure a firm grip and work together with the clips.
- Extra-wide clips snap off below the tile surface with a simple kick along the grout line or a tap with a rubber mallet.
- Compatible with all tile types, including porcelain, ceramic, marble, and natural stone.
- Clips are for single-use only, while wedges are reusable for the next tile installation job.
- Adjusts tile height and holds edges level throughout the curing process.
- Prevents uneven tiles and helps achieve professional installation results.
- Included adjustable pliers speed up tile installation.
- Suitable for professional tilers and DIY enthusiasts.
- Made in Poland.
