

RATCHET PIPE CUTTER 42MM PTFE

Brand: AWTOOLS
Reference: AW31509BL
EAN: 5903678636456

420g
WAGA

KEY FEATURES

- Blade made of high-quality hardened steel for exceptional sharpness, durability, and wear resistance.
- PTFE-coated blade ensures smooth, clean cuts with reduced friction.
- Ergonomic aluminium handle minimises hand fatigue and features a non-slip coating for a secure grip.
- Powder-coated body enhances resistance to corrosion and mechanical damage.
- Integrated ratchet mechanism increases cutting force, while controlled blade feed prevents pipe deformation.
- Safety locking mechanism prevents accidental opening during transport and storage.
- Designed for fast, precise cutting of plastic pipes.
- Ideal for plumbing tasks involving PVC, PP, PU, and PE pipes.
- Suitable for both professional plumbers and installation work.

TECHNICAL DATA

- Material: SK5 steel/PTFEMax. cutting range: 42mm.
- Total length: 230mm.
- Weight: 420g.
