

F-TYPE RATCHET BAR CLAMP 120X250MM (22X10.6)

Brand: AWTOOLS
Reference: AW20195
EAN: 5903678636128

1.4kg
WAGA

KEY FEATURES

- Made of forged carbon steel, ensuring high resistance to mechanical damage and long-lasting performance.
- F-profile frame geometry enables efficient force distribution and secure clamping of elongated and wide workpieces.
- Chrome-plated surface protects against corrosion and ensures long service life.
- Built-in ratchet mechanism ensures consistent clamping force and prevents unintentional loosening during operation.
- Equipped with an ergonomic lever with a plastic release button for secure grip and controlled operation.
- Perfect for locksmithing, metalworking, welding, and structural assembly tasks.

TECHNICAL DATA

- Size: 120x250mm.
