KEY FEATURES

- Features a durable, powder-coated steel housing, ensuring excellent resistance to mechanical damage and long-term reliability in demanding environments.
- Intuitive, built-in LCD control panel allows easy configuration of operating parameters, including a 24-hour timer and an automatic defrost function, for efficient performance under varying conditions.
- Condensed water can be collected in the internal tank or continuously discharged through a drain hose directly into a floor drain, a sump pump, or outdoors.
- Removable, easy-to-clean mesh filter captures solid particles, helping to protect internal components and extend the unit's lifespan.
- Equipped with an ergonomic carry handle, practical side grips, and durable transport wheels (two fixed and two swivel with brakes), allowing for easy and smooth movement across different work environments.

- Suitable for commercial and industrial environments such as basements, warehouses, storage facilities, and construction sites.
