

PP WOVEN SACK BAG 55CMX80CM

Brand: AWTOOLS
Reference: AW67903
EAN: 5903678636975

145g
WAGA

KEY FEATURES

- Made of densely woven polypropylene fabric with double stitching at the bottom, ensuring strength and durability.
- Resistant to moisture, mechanical damage and intensive use.
- Breathable design allows air to circulate, which is essential for storing items such as grains or seeds.
- Open design allows for easy and precise filling of materials, while the closed bottom ensures safe storage and transport of the contents.
- Designed for heavy-duty tasks like transporting grains, chemicals, and construction materials.

- Perfect for both industrial and personal use.
