

POLYSTYRENE FOAM/ MINERAL WOOL HOLE SAW 68MM

Brand: AWTOOLS
Reference: AW29522
EAN: 5903678636647

68mm
MM

50g
WAGA

KEY FEATURES

- Body is made of durable plastic reinforced with fibreglass, ensuring strength and long-lasting performance.
- Hexagonal shank improves stability in the tool holder and prevents unwanted rotation under load.
- Serrated edge provides controlled cutting depth and clean hole formation.
- Designed for precise drilling in polystyrene boards and mineral wool.
- Ideal for mounting end caps with accuracy and ease.
- Fits standard drills and electric screwdrivers for quick installation.

TECHNICAL DATA

- Diameter: 68mm.
- Cutting depth: 19mm.
- Shank: hex.
- Weight: 50g.
