

MAGNETIC BIT HOLDER SOCKET SET 1/4" 10MM/ 5PCS

Brand: AWTOOLS
Reference: AW37692
EAN: 5903678635428

220g
WAGA

KEY FEATURES

- Made from hardened high-alloy steel for exceptional durability and resistance to wear.
- Features a powerful neodymium magnet that securely holds screws and fasteners in place during operation.
- Designed specifically for 10mm hex-head screws and nuts.
- Equipped with a universal 1/4" (6.3 mm) hex shank, ensuring compatibility with most drills, screwdrivers, and impact drivers.
- Ideal for use in automotive workshops, service and maintenance centres, construction projects, home repairs, and assembly applications.
