800g
WAGA

KEY FEATURES

- Made from forged and hardened CrV steel with a satin finish for enhanced durability and corrosion resistance.
- Designed with one open-ended spanner and one ring spanner for versatile use. 15 degree angled ring end provides improved accessibility on flat surfaces.
- Knurled grip ensures secure handling and reduces the risk of slipping.
- Clear size markings enable quick and easy identification.
- Suitable for both amateur and professional applications.
- Supplied in a roll-up case with integrated hanging holes for convenient storage.
