

MIDI IN-LINE FILTER-REGULATOR W/ GAUGE 1/2"

Brand: AWTOOLS
Reference: AW10251
EAN: 5902198744795

**1.210k
g
WAGA**

KEY FEATURES

- Combines a filter and regulator into one component.
- Made of durable material, anti-corrosion and wear resistant.
- Equipped with easy-to-read pressure gauge with PSI and BAR scale.
- Adjustment knob to tune in the desired pressure.
- Pressure regulators reduce and control air pressure in compressed air systems.
- Maintains a constant output pressure regardless of variations in the input pressure.
- Filter removes solid particles (dust, dirt, rust), and separates any liquids (water, oil) in the compressed air.
- Metal guard with polycarbonate bowl for better visibility.
- Drain valve prevents build up of water in filter bowl.

TECHNICAL DATA

- Connection: 1/2".
- MIDI Pressure input: 1-16 bar/ 230.
- Pressure output: 1-12 bar/ 175.

- Working temperature: 0-60°C Filtration grade: 5 µm.
- Weight: 1.210 kg SHOP AT EMAST.PL.
