

1/2" HEX SOCKET BIT 32MM BLACK LINE

Brand: AWTOOLS
Reference: AW38232BL
EAN: 5903678620615

230g
WAGA

KEY FEATURES

- Made of hardened and tempered CrV steel with satin finish.
- Rounded head profile allows to unscrew damaged screws, and protects the shape of the screw head against deformation.
- Knurled ring provides extra grip and the bearing hole ensures a solid connection to the tool.
- Perfect for tightening or loosening nuts and bolts using a socket wrench.
- Designed to be mounted on 1/2" socket driver handles or extensions.
- Perfect for a wide range of applications including car repair, machinery maintenance and general mechanical work.
