

DIGITAL BATTERY LOAD TESTER 12V

Brand: AWTOOLS
Reference: AW16202
EAN: 5903678609016

12V
LI-ION

KEY FEATURES

- Durable, ventilated metal housing.
- Three-step LED display.
- Does not require any additional power source.
- High capacity battery clamps.
- Tests battery, alternator and starter motor.
- Tests lead-acid batteries.
- Easy to carry.
- Designed for automotive use.

TECHNICAL DATA

- Type: analogue.
- Power: 12.
- VRated current: 100.

- ATest time: 10s/ 5min. Voltage range: 8.5-25.
- VCCA Battery capacity: 150-1400.
- Working temperature range: 0-40°CStorage temperature: 0-55°C
- Cable length: approx. 38 cm.
- Weight: (net): 1.1 kg.
