

WINTER AGRO NON-WOVEN FABRIC 30G 1,1* 5M

Brand: AWTOOLS
Reference: AW67050
EAN: 5903678607807

2.5kg
WAGA

KEY FEATURES

- Made of polypropylene, resistant to mechanical damage.
 - Despite the thick fabric layer, it allows water and air to pass through, ensuring proper circulation.
 - Perfect for covering plants that are not resistant to low temperatures or their sudden drops.
 - Protects against frost, snowfall and strong winds.
 - Helps to increase temperature and moisture and provides an appropriate microclimate for plant development.
- Breathable fabric allows plants to absorb sunlight.

TECHNICAL DATA

- Colour: white.
- Size: 1.1 x 5m.
- Grammage: 30g/m2.
- Weight: 2.5kg.
