

BYPASS LOOPERS 690MM 20MM/ TPR HANDLE

Brand: AWTOOLS
Reference: AW63152
EAN: 5903678611668

20mm
MM

950g
WAGA

KEY FEATURES

- Blades are made of carbon steel, heat-treated and ground-sharpened.
- Non-stick PTFE (teflon) layer on the upper blade to reduce friction during cutting.
- Lower blade with chrome-coated finish for corrosion resistance.
- Curved head design enables easy access, greater reach, and reduces wrist fatigue.
- Long aluminium handles with non-slip grips for easy reach and overhead cutting.
- Ideal for cutting and trimming stems, branches, limbs, and small trees with ease.
- Plastic blade holder for safe storage.

TECHNICAL DATA

- Steel: #50.
- Size: 690mm.
- Cutting diameter: 20mm.
- Cutting angle: 45°.
- Weight: 950g.
