KEY FEATURES

- Blades are made of carbon steel, heat-treated and ground-sharpened.
- Non-stick PTFE (teflon) layer on the upper blade to reduce friction during cutting.
- Lower blade with chrome-coated finish for corrosion resistance.
- Curved head design enables easy access, greater reach, and reduces wrist fatigue.
- Ratchet cutting mechanism allows for a gradual and controlled cut.
- Telescopic, long aluminium handles with non-slip grips for easy reach and overhead cutting.
- Ideal for cutting and trimming stems, branches, limbs, and small trees with ease.
- Plastic blade holder for safe storage.
