

## PRUNING SAW W/ HOOK END 430MM/ TPR HANDLE

**Brand:** AWTOOLS  
**Reference:** AW63350  
**EAN:** 5903678611934

**430g**  
WAGA

### KEY FEATURES

- Curved blade made of precision ground manganese steel with chrome-coated finish for corrosion resistance.
- Triple-ground, impulse-hardened teeth allow for fast and efficient cutting on both ways.
- Integrated hook prevents the saw from being unintentionally pulled out of the cut.
- Ergonomic handle made of ABS plastic with non-slip grip.
- Can be used with telescopic poles at great heights.

- Perfect for tackling large, heavy branches and clearing tasks in the garden.

### TECHNICAL DATA

- Steel: Mn65.
- Teeth hardness: 50-52.
- HRCBlade length: 430mm.
- Weight: 430 g.
