

1/2" HEX IMPACT SOCKET BIT 13MM BLACK LINE

Brand: AWTOOLS
Reference: AW38603BL
EAN: 5903678619466

70g
WAGA

KEY FEATURES

- Made of hardened and hardened CrMo steel with black oxide finish.
- Rounded head profile allows to unscrew damaged screws, and protects the shape of the screw head against deformation.
- High visibility stamped size markings for easy identification.
- Useful for unscrewing hexagonal screws and nuts.
- Designed to work with pneumatic, electric and cordless impact wrenches.
- Suitable for a wide range of applications including automotive repair, machinery maintenance, and general mechanical work.
