### KEY FEATURES

- Made from wear-resistant transparent nylon material reinforced with a plastic core.
- Thanks to the combination of two materials, the inside is break-resistant, and the outside is abrasion-resistant.
- Provides increased durability when in contact with concrete elements such as curbs, sidewalks, and concrete edges.
- Square cross-section offers better cutting performance due to its sharp edges.
- Ideal for use on uneven terrain, especially effective against dense and tough weeds.
- Perfect for professional use when trimming large areas.
- Compatible with most brushcutters and trimmers available on the market.
