KEY FEATURES

- Working part is made of high-quality stainless steel with rounded edges.
- Ergonomic cork handle with a plastic finger guard for a non-slip and secure grip, reducing hand fatigue.
- Polyamide shank (or nylon) is lightweight and at the same time as durable as aluminium.
- Open handle makes it easy to control while spreading and allows the trowel to be hung on the bucket when not in use.
- Suitable for spreading and smoothing mortars during finishing and decorating works.
- For amateur and professional use.
- Made in Poland.
