

## 1/2" HEX IMPACT SOCKET BIT 24MM BLACK LINE

**Brand:** AWTOOLS  
**Reference:** AW38614BL  
**EAN:** 5903678619473

**140g**  
WAGA

### KEY FEATURES

- Made of hardened and hardened CrMo steel with black oxide finish.
- Rounded head profile allows to unscrew damaged screws, and protects the shape of the screw head against deformation.
- High visibility stamped size markings for easy identification.
- Useful for unscrewing hexagonal screws and nuts.
- Designed to work with pneumatic, electric and cordless impact wrenches.
- Suitable for a wide range of applications including automotive repair, machinery maintenance, and general mechanical work.

### TECHNICAL DATA

- Profile: 6-point.
