

AUTO-DARKENING WELDING GOGGLES LYG-2

Brand: AWTOOLS
Reference: AW50310
EAN: 5903678624422

140g
WAGA

KEY FEATURES

- Made of impact-resistant ABS plastic.
- Equipped with an automatic auto-darkening filter (ADF).
- Transparent lens and wide visor ensure excellent visibility.
- Ergonomic design ensure a secure and comfortable fit.
- Adjustable, ventilated temples for comfort.
- Nose bridge frame made of soft rubber.
- Designed to protect against UV radiation, sparks and spatter.
- Suitable for welding and plasma cutting processes.
- Universal size.

TECHNICAL DATA

- Optical class: 1/1/1/3.
- Filter size: 108*51*5.5mm.
- Viewing size: 90*34mm.
- Number of sensors: 2.
- Light state: DIN3.
- Dark state: DIN11IR&UV protection: DIN11.

- Switch time: .
- Delay time: 0.2s.
- Min. TIG amperage: 30.
- AResponse time: .
- Operating temperature: -5°C ~55°C Power source: lithium battery + solar battery.
- Welding processes: TIG, MIG, MAG, MMA, SAW, PAC.
- Weight: 140g.
