330g
WAGA

KEY FEATURES

- Made of high-quality brass with a nickel-plated finish for superior corrosion resistance.
- Equipped with robust internal seals and precision engineering to prevent leaks and drips.
- Comes with two independent outlets that open and close separately.
- Features smooth lever action with quarter-turn (90-degree) mechanism by ball valve for quick and precise flow control.
- Male threaded connection with hose attachment capability makes it ideal for outdoor taps and garden use.
- Comes with teflon (PTFE) tape included to seal threaded connections.
- Not suitable for drinking water.
- Not resistant to freezing temperatures.
- It is important to turn off the water supply and close the tap after use for the season.

TECHNICAL DATA

- Tap diameter: 1/2".
- Male thread: 2 x 3/4".
- Thread type: BSPPNominal pressure: 16 bar.

- Weight: 330g.
