

1/2" HEX DEEP IMPACT SOCKET BLACK LINE

Brand: AWTOOLS
Reference: AW38632BL
EAN: 5903678612603

215g
WAGA

KEY FEATURES

- Made of hardened and impact-resistant CrMo steel with a black oxide finish.
- Rounded head profile allows for unscrewing damaged screws, and protects the shape of the screw head against deformation.
- High-visibility stamped size markings for easy identification.
- Long design provides added accessibility in limited spaces and in hard-to-reach places.
- Designed to work with pneumatic, electric, and cordless impact wrenches.
- Suitable for a wide range of applications, including automotive repair, machinery maintenance, and general mechanical work.

TECHNICAL DATA

- Type: hex.
- Drive: 1/2".
- Size: 19mm.
