

WELDING GROUND CLAMP 500A

Brand: AWTOOLS
Reference: AW50112
EAN: 5903678602024

185g
WAGA

KEY FEATURES

- Made of galvanised steel sheet.
- Spring-loaded, copper-plated jaws and copper braid between jaws for optimum conductivity to the workpiece.
- Designed to fix the ground wire on the welded material, creating a closed welding circuit.

TECHNICAL DATA

- Overall length: 165mm.
- Welding current: 500 A / 60%Min. cross-section of the welding wire: 50 mm.
- Max. cross-section of welding wire: 70 mm.
- Weight: 185g.
